

modsortpart::heapsort

```
graph RL; conecreator --> modsortpart::heapsort
```

The diagram consists of two rectangular boxes. The box on the left is shaded gray and contains the text 'modsortpart::heapsort'. The box on the right is white and contains the text 'conecreator'. A dark blue arrow points from the right side of the 'conecreator' box to the left side of the 'modsortpart::heapsort' box, indicating a call or dependency relationship.
